

Remarks

The Instant application and the Martin reference are commonly owned and therefore the rejections under 35 U.S.C. §103 to claims 1-9, 20 and 21 fall away. Claims 10-19, rejected for anticipation, have now been deleted.

Although the Examiner suggested deleting claims 20 and 21, these are maintained as they were not anticipated by Martin. Claim 20 has been amended to restore its original wording, by replacing "sufficient " with "required".

Accordingly all the points raised have been dealt with, all the claims are acceptable and reconsideration is requested.
